Better Broadband

As you know, we are getting close to a major announcement in the Better Broadband for Oxfordshire Programme. As part of this, we are preparing press releases and other announcements on the soon to be completed contract. We are looking for local case studies to include, which would highlight the impact of better broadband for families, communities, and businesses across the County, particularly in our investment intervention area.

Interested?

If you are interested in participating, you can do so by providing us with:

- Name
- Contact information
- A brief description of yourself
- A brief description on what impact better broadband speeds would have for your family/ community/ business
- If you are happy for us to pass this information to local journalists and other media outlets

Email these details to bbchampions@oxfordshire.gov.uk

Next issue

A more detailed update will be provided in the next Better Broadband Newsletter to be released shortly.

We look forward to hearing from you.
